Nick:

I am contacting you because we are planning to begin transfer of the waste from your vac boxes next week and maybe as early as Tuesday.

As discussed previously with you guys, you agreed to deliver us with new vac boxes (free of charge) for transfer of the wastes from your old vac boxes. Additionally, you agreed to have the old boxes picked up and cleaned at your expense.

The EPA agreed to clean the new boxes after the waste is removed by the selected disposal facility and have them delivered back to your yard in Baytown at the agencies expense. It may actually be easier if you pick up your vac boxes from our selected cleaning facility. Let us know how you want to do it. If you decide to pick up your new vac boxes from the cleaning facility we will not be able to pay you to do this.

I will let you know by the end of the week the status of our need but if you could tentatively schedule the delivery of these vac boxes to the CES Site on Monday I would be appreciative.

Thanks for your assistance. We are looking forward to getting this action done and your boxes back to you.
